

Try it before
you buy it.

Test our highly efficient Wilo mixer technology.

You cannot imagine that you can save up to 8.828,- Euros/year*?
You cannot believe that the amortisation period for the
change/replacement by highly efficient Wilo mixers is less than
one year*? We can! Try it out!

* this value results from a calculation example, see back side

Pumpen Intelligenz.

Trust is good. Testing is better!

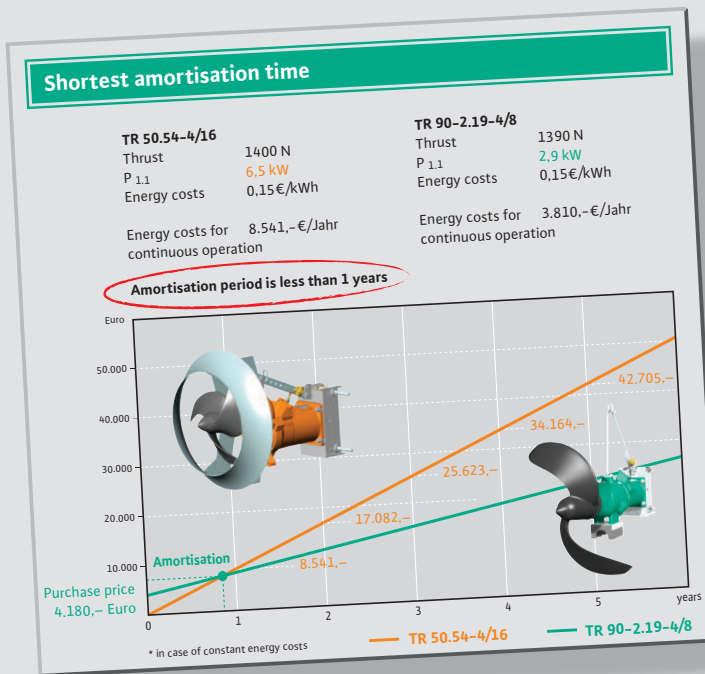

Highly efficient mixer technology from Wilo.

Do you want to change or replace existing mixers? Or do you want to optimise your plant to save operation costs in the long term by lower energy costs and to protect environment?

Then test the highly efficient Wilo mixers – **free of charge and without obligation!***

Testing us is very simple.

- We need all relevant information about your sewage treatment plant.
For this you will get our checklist
– either directly from your sales representative
– or on the Internet www.wilo.com
Then send the completed checklist to: e-mail: ctmixer@wilo.com or fax: ++49 (0)9281-974 345.
- Our experts will select submersible mixers for your special application by means of a modern selection software and calculate at the same time your saving potential when using a highly efficient Wilo mixer.
- Your test mixer will be delivered free of charge!

Highest efficiency

Technical data		
Make/type	Wilo-EMU Megaprop TR 321.41-4/8	Wilo-EMU Megaprop TR 326.30-6/8
Propeller diameter	2.100 mm	2.600 mm
Thrust	2.250 N/TR	2.250 N/TR
Rated power P ₂	3,50 kW	1,75 kW
Power input in the duty point P _{1.1}	2,50 kW	2,08 kW

Calculation		
Difference of the power input	2,5 kW - 2,08 kW	0,42 kW
Energy savings by mixers/tank	0,42 kW • 4	1,68 kW
Annual operating time in hours	365 Tage • 24 h	8.760 h
Energy costs	0,15 €/kWh	
Saving of energy costs per tank/year	8.760 h • 0,15 €/kWh • 1,68 kW	2.207,- €
No. of tanks	4 Stück	
Tot. energy savings per year*	2.207,- € • 4 Stück	8.828,- €
Operating time	10 Jahre	
Tot. saving of energy costs*	8.828,- € • 10 years	88.280,- €

* in case of constant energy costs

- Please send me the checklist to be able to give you information about the sewage treatment plant.
- Visit of the sales representative is requested
